Equality Impact Assessment

Under the Equality Act 2010 we have a duty not to discriminate against people on the basis of their age, disability, gender, gender identity, pregnancy or maternity, race, religion or belief and sexual orientation. We are committed to treating all members of the school community fairly and challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion. This policy has been equality impact assessed and we believe that it is in line with the Equality Act 2010 as it is fair, it does not prioritise or disadvantage any member of the school community and it helps to promote equality and accessibility at our school. The curriculum is planned to be inclusive and meet the needs and interests of a full range of learners. Activities and resources will be differentiated and adult support used to ensure that children access the curriculum and make the best possible progress.

Safeguarding Commitment

The school is committed to safeguarding and promoting the welfare of children, in line with the most recent version of Keeping Children Safe in Education, and expects all staff and volunteers to share this commitment. We take seriously our duty of care to our pupils and staff which includes safeguarding them from the risk of being drawn into terrorism - this includes not just violent extremism but also non-violent extremism, which can create an atmosphere conducive to terrorism and can popularise views which terrorists exploit. We work closely with social care, the police, health services and other services to promote the welfare of children and protect them from harm. Radicalisation is recognised as a specific safeguarding issue and is addressed in line with the Government Prevent Strategy and The Counter-Terrorism and Security Act 2015.

Privacy Policy

Hillcross School is committed to ensuring protection of all personal information that we hold. We recognise our obligations under data protection laws, which include the UK General Data Protection Regulation (UK GDPR), the Data Protection Act 2018, and the Data (Use and Access) Act 2025.

Monitoring and Evaluation
