

Communication

Don't want your child/family to miss out? There are three places that parents should look to ensure they are kept up-to-date with all relevant information about school life.

1. The announcements sent via the MCAS App – these are time-related messages/updates that will be automatically removed when they are no longer relevant.
2. Your personal email inbox used to open your Bromcom account – these emails will contain information that you may wish to refer back to over time.
3. The Weekly Bulletin published every Friday – an announcement is sent to alert you it has been uploaded and you can go to the website: Virtual Office; Bulletin/Newsletter to read it.

The link is here for your ease:
